JCHS Signature Programs

Signature programs at JCHS bring academic learning, student passions, community service and social justice into focus. JCHS offers a curriculum designed to prepare students to be active global citizens in a complex, diverse, and fast-paced world. For more information about each of these programs, go to jchsofthebay.org.

EVERLAB

EverLab is a hands-on integration lab that uses design thinking to encourage students to coalesce ideas about different subject areas to develop tangible interactive projects.

TEFILLAH

Students begin each morning in a structured reflective setting, with options ranging from creative experiences to art, yoga to discussion, formal prayer to journaling.

FRESHMAN SEMINAR

Our freshman seminar helps students learn how to build relationships, make healthy decisions, manage stress, and improve executive functioning and study skills.

JOURNEYS

The JCHS Journeys combine learning with a multi-day experiential adventure designed to teach life lessons on the road.

SENIOR KEYSTONE PROJECT

The senior Keystone Project is a culminating educational exercise that provides students with the opportunity to design and implement a multi-faceted project on the topic of their choice, demonstrating the culmination of four years of learning at JCHS. Each senior then presents their Keystone Project to the school community.

PHYSICAL EDUCATION

Students must complete 1.5 credits of Physical Education to graduate. Each season counts for .5 credit.

COMMUNITY SERVICE

Tenth and eleventh grades complete 26 hours each year. Ninth grade students complete their community service as a group. Seniors embed community service into their Keystone Project.
